REPORT.

To his Excellency JAMES H. BUDD, *Governor of the State of California:*

SIR: The Board of Dental Examiners of the State of California submits the following as the eleventh and twelfth annual reports of its proceedings, together with an account of all moneys received and disbursed, in compliance with the requirements of that certain Act of the Legislature entitled "An Act to insure the better education of practitioners of dental surgery, and to regulate the practice of dentistry in the State of California," approved March 12, 1885, a copy of which is hereto annexed, together with a copy of an amendment of Section 6 of said Act, approved March 3, 1893.

Since issuing the last report, the Board has held two annual and eleven special meetings.

At the annual meeting held August 6, 7, 8, and 9, 1895, thirteen persons made application, and eleven applicants appeared for examination, seven of whom successfully passed the prescribed examination. At this meeting the election of officers for 1895 and 1896 was held. Dr. S. E. Knowles, of San Francisco, was elected President, and Dr. Joseph D. Hodgen, of San Francisco, was elected Secretary. During this year two persons registered under Section 4; sixty-six diplomas were indorsed, and one refused indorsement, being unsatisfactory to the Board, and seven candidates received certificates upon successful examination.

During the year, Drs. S. E. Knowles, J. L. Asay, and W. J. Younger presented their several resignations to the Governor, and the same were accepted. On the 17th day of February, 1896, the Governor appointed as a member of the Board Dr. F. W. Bliss, of Santa Cruz, vice Dr. J. L. Asay, resigned; and on the 21st day of February, 1896, the Governor appointed as a member of the Board Dr. W. A. Moore, of Benicia, vice Dr. S. E. Knowles, resigned.

At the annual meeting held August 4, 5, 6, and 7, 1896, twelve applicants appeared for examination, nine of whom successfully passed the prescribed examination. At this meeting the election of officers for 1896 and 1897 was deferred until after the Governor completed his appointments, Dr. F. F. Tebbets, President, and Dr. Joseph D. Hodgen, Secretary, continuing their respective capacities until their successors are elected.

During the past year two persons registered under Section 4; seventy diplomas were indorsed, and one diploma was refused indorsement, being

unsatisfactory to the Board, and nine candidates received certificates upon successful examination.

A list of all whose names have been registered, and of those whose diplomas have been indorsed, and of those who have received certificates on the examination of the Board since its last report, is hereunto annexed.

The following is an account of all moneys received and disbursed by the Board from September 1, 1894, to August 29, 1895:

The next regular meeting of the California State Board of Dental Examiners for examination of candidates will be held in San Francisco, commencing the first Tuesday in August, at 9 o'clock, in the year 1897.

It seems to be popularly supposed that the Board of Dental Examiners shall prosecute all persons violating the law. This is not the case; but it is the duty of every dentist to see that the law is enforced, and it is the duty of every prosecuting attorney of each county to prosecute every person violating the law, on receipt of information of such violation, and the necessary evidence to establish the fact.

Positive evidence of the violation of the law must be first obtained. This, with a formal information and a list of witnesses, should be handed to the prosecuting attorney, who will then be in duty bound to prosecute the case.

The attention of licensees is called to the fact that they are required to have their licenses recorded with the County Clerk of the county in which such persons may reside; it requires no action of the Board to work a forfeiture of the license under Section 8 of the law. The fact of failure to have it recorded within six months of date of issue, subjects licensee to the penalty for neglect.

All persons who are now practicing dentistry in this State, and who have not received a certificate from this Board in pursuance of the Act mentioned, are violating the law, and are subject to arrest and fine of $50 to $200, or imprisonment for six months in the county jail, for each and every offense.

It will be necessary for all persons who may hereafter desire to engage in the practice of dentistry in this State to secure a certificate from this Board, upon a diploma from a reputable dental college, or after examination in dental surgery, as required by the Act of March 12, 1885. In examining applicants for certificates to practice dentistry, the Board will examine into the branches of anatomy, physiology, pathology, histology, hygiene, materia medica, therapeutics, chemistry, metallurgy, operative dentistry, dental jurisprudence, and prosthetic dentistry. Ten questions will be submitted in each branch, and candidates will be marked in accordance with the answers to the same. Examinations will be

both written and clinical. Seventy-five per cent will be required on the written examinations, and, in addition, a satisfactory clinical examination will be required of all those who are successful on the written examinations.

Each applicant must come prepared to do any work designated for him. The Board will furnish chairs, engines, vulcanizers, and all necessary materials.

In accordance with the resolution adopted by the Board, August 13, 1891:

Resolved, That the California State Board of Dental Examiners publish a list of the unlicensed practitioners of said State, in their annual report to the Governor of the State, each year,

The Board has caused to be published in this report a list of all unlicensed practitioners of the State of California it has become officially cognizant of.

For the information of the public we desire to explain that *no fee can be legally collected by any of the above named unlicensed practitioners by virtue of that fact.*

Recognizing that many inaccuracies and mistakes are liable to occur in this report, on account of the refusal of many to reply to the request of the Secretary, and the natural meagerness of all such needed information, the Board will be especially grateful to any one who will mail to the Secretary any information correcting errors in the same, provided such information be correct.

During the past two years the Board has been the defendant in two cases for mandamus. The first, instituted by one J. J. Leek, of San Francisco, to compel the Board to issue to him a certificate to practice in the State of California; proceedings in Judge Seawell's court, City and County of San Francisco. The plaintiff was nonsuited. The same J. J. Leek was subsequently arrested by one of his employés for practicing dentistry in California without a license. The defendant, Leek, argued that the law was unconstitutional, and petitioned for a writ of habeas corpus, which resulted in the following opinion being handed down by the Supreme Court of this State:

IN THE MATTER OF THE APPLICATION OF JOHN J. LEEK, FOR A WRIT OF HABEAS CORPUS.

The Act of the Legislature under which the petitioner was arrested is not, in our opinion, in conflict with any provision of the Constitution of this State, nor of the Constitution of the United States; and, for these reasons, the application for the writ is denied.

I dissent:
BEATTY, C. J.

The second case was instituted by one J. D. Van Vleck, of Los Angeles, California, to compel the Board of Dental Examiners to issue to him a certificate to practice in this State; proceedings in the Superior Court of Orange County, California, T. W. Towner, Judge. Judgment was entered directing the issuance of the writ prayed for. An appeal was then taken to the Supreme Court from this judgment, and from an order denying defendant's motion for a new trial, where it is now pending.

All of which is respectfully submitted by the Board of Dental Examiners of the State of California.

DR. F. F. TEBBETS,
President.

J. D. HODGEN, D.D.S.,
Secretary.

AN ACT

To insure the better education of practitioners of dental surgery, and to regulate the practice of dentistry in the State of California.

[Approved March 12, 1885.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. It shall be unlawful for any person, who is not at the time of the passage of this Act engaged in the practice of dentistry in this State, to commence such practice unless he or she shall have obtained a certificate, as hereinafter provided.

SEC. 2. A Board of Examiners, to consist of seven practicing dentists, is hereby created, whose duty it shall be to carry out the purposes and enforce the provisions of this Act. The members of said Board shall be appointed by the Governor from the dental profession from the State at large. The term for which the members of said Board shall hold their office shall be four years, except that two of the members of the Board first to be appointed under this Act shall hold their office for the term of one year, two for the term of two years, two for the term of three years, and one for the term of four years, respectively, and until their successors shall be duly appointed and qualified. In case of a vacancy occurring in said Board, such vacancy shall be filled by the Governor, in conformity with this section.

SEC. 3. Said Board shall choose one of its members President and one Secretary thereof, and it shall meet at least once in each year, and as much oftener and at such times and places as it may deem necessary. A majority of said Board shall, at all times, constitute a quorum, and the proceedings thereof shall, at all reasonable times, be open to public inspection.

SEC. 4. Within six months from the time this Act takes effect, it shall be the duty of every person who is now engaged in the practice of dentistry in this State to cause his or her name and residence, or place of business, to be registered with said Board of Examiners, who shall keep a book for that purpose. The statement of every such person shall be verified under oath before a Notary Public or Justice of the Peace, in such a manner as may be prescribed by the Board of Examiners. Every person who shall so register with said Board as a practitioner of dentistry, shall receive a certificate to that effect, and may continue to practice as such without incurring any of the liabilities or penalties provided in this Act, and shall pay to the Board of Examiners for each registration the fee of one dollar. It shall be the duty of the Board of Examiners to forward to the County Clerk of each county in the State a certified list of the names of all persons residing in his county who have registered in accordance with the provisions of this Act, and it shall be the duty of all County Clerks to register such names in a book to be kept for that purpose.

SEC. 5. Any and all persons who shall so desire, may appear before the Board at any of its regular meetings and be examined in reference to their knowledge and skill in dental surgery; and if the examination of any such person or persons shall prove satisfactory to said Board, the Board of Examiners shall issue to such persons as they shall find to possess the requisite qualifications a certificate to that effect, in accordance with the provision of this Act. Said Board shall also indorse as satisfactory, diplomas from any reputable dental college, when satisfied as to the character of such institution, upon the holder furnishing evidence satisfactory to the Board, of his or her right to the same, and shall issue certificates to that effect within ten days thereafter. All certificates issued by said Board shall be signed by its officers, and such certificates shall be prima facie evidence of the right of the holder to practice dentistry in the State of California.

SEC. 6. Any person who shall violate any of the provisions of this Act shall be deemed guilty of a misdemeanor, and upon conviction may be fined not less than fifty dollars nor more than two hundred dollars, or confined six months in the county jail for each and every offense. All fines recovered under this Act shall be paid into the Common School Fund of the county in which such conviction takes place.

SEC. 7. In order to provide the means for carrying out and maintaining the provisions of this Act, the said Board of Examiners shall charge each person applying to or appearing before them for examination for a certificate of qualifications, a fee of ten dollars, which fee shall be in no case returned; and out of the funds coming into the possession of the Board from the fees so charged, and penalties received under the provisions of this Act, all legitimate and necessary expenses incurred in attending the meetings of said Board shall be paid; and no part of the expenses of the Board shall ever be paid out of the State Treasury. All moneys received in excess of expenses above provided for, shall be held by the Secretary of said Board, as a special fund for meeting the expenses of said Board, and carrying out the provisions of this Act, he giving such bond as the Board shall from time to time direct; and said Board shall make an annual report of its proceedings to the Governor, by December first of each year, together with an account of all moneys received and disbursed by them pursuant to this Act.

SEC. 8. Any person who shall receive a certificate from said Board to practice dentistry, shall cause his or her certificate to be registered with the County Clerk of the county in which such person may reside, and the County Clerk shall charge for registering such certificate a fee of one dollar. Any failure, neglect, or refusal on the part of any person holding such certificate to register the same with the County Clerk, as above directed, for a period of six months, shall work a forfeiture of the certificate, and no certificate, when once forfeited, shall be restored, except upon the payment to said Board of twenty-five dollars, as a penalty of such neglect, failure, or refusal.

SEC. 9. Any person who shall knowingly or falsely claim, or pretend to have or hold a certificate of license, diploma, or degree, granted by any society organized under and pursuant to the provisions of this Act, or who shall falsely, and with intent to deceive the public, claim or pretend to be a graduate from any incorporated dental college, shall be deemed guilty of a misdemeanor, and shall be liable to the same penalty as provided in section six.

SEC. 10. Nothing in this Act shall be so construed as to prohibit any practicing physician from extracting teeth.

SEC. 11. This Act shall take effect immediately.

AN ACT

To amend an Act entitled "An Act to insure the better education of practitioners of dental surgery, and to regulate the practice of dentistry in the State of California," approved March 12, 1885.

[Approved March 3, 1893.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Section six of said Act is hereby amended so as to read as follows:

Section 6. Any person who shall violate any of the provisions of this Act shall be deemed guilty of a misdemeanor, and upon conviction shall be fined not less than fifty dollars nor more than two hundred dollars, or confined in the county jail six months for each and every offense. All fines recovered and collected under this Act shall be distributed, one half to the informer, and the other half be paid into the Common School Fund of the county in which the conviction takes place.

SEC. 2. This Act shall take effect immediately.

CODE OF DENTAL ETHICS.

RECOMMENDED BY THE AMERICAN DENTAL ASSOCIATION.

THE DUTIES OF THE PROFESSION TO PATIENTS.

SECTION 1. The dentist should be ever ready to respond to the wants of his patients, and should fully recognize the obligations involved in the discharge of his duties toward them. As he is, in most cases, unable to correctly estimate the character of his operations, his own sense of right must guarantee faithfulness in their performance. His manner should be firm, yet kind and sympathizing, so as to gain the respect and confidence of his patients; and even the simplest case committed to his care should receive the attention which is due to any operation performed on living, sensitive tissue.

SEC. 2. It is not to be expected that the patient will possess a very extended or a very accurate knowledge of professional matters. The dentist should make due allowance for this, patiently explaining many things which may seem quite clear to himself, thus endeavoring to educate the public mind so that it will properly appreciate the beneficent efforts of our profession. He should encourage no false hopes by promising success where, in the nature of the case, there is uncertainty.

SEC. 3. The dentist should be temperate in all things, keeping both mind and body in the best possible health, that his patients may have the benefit of that clearness of judgment and skill which is their right.

MAINTAINING PROFESSIONAL CHARACTER.

SEC. 4. A member of the dental profession is bound to maintain its honor, and to labor earnestly to extend its sphere of usefulness. He should avoid everything in language and conduct calculated to discredit or dishonor his profession, and should ever manifest a due respect for his brethren. The young should show special respect to their seniors; the aged, special encouragement to their juniors.

SEC. 5. The person and office arrangements of the dentist should indicate that he is a gentleman; and he should sustain a high-toned moral character.

SEC. 6. It is unprofessional to resort to public advertisements, cards, handbills, posters, or signs, calling attention to peculiar styles of work, lowness of prices, special modes of operating, or to claim superiority

over neighboring practitioners, to publish reports of cases or certificates in public prints, to go from house to house to solicit or perform operations, to circulate or recommend nostrums, or to perform any other similar acts.

Sec. 7. When consulted by the patient of another practitioner, the dentist should guard against inquiries or hints disparaging to the family dentist, or calculated to weaken the patient's confidence in him, and if the interests of the patient will not be endangered thereby, the case should be temporarily treated, and referred back to the family dentist.

Sec. 8. When general rules shall have been adopted by members of the profession practicing in the same localities, in relation to fees, it is unprofessional and dishonorable to depart from these, except when variation of circumstances requires it. And it is ever to be regarded as unprofessional to warrant operations or work as an inducement to patronage.

THE RELATIVE DUTIES OF DENTISTS AND PHYSICIANS.

Sec. 9. Dental surgery is a specialty in medical science. Physicians and dentists should both bear this in mind. The dentist is professionally limited to diseases of the dental organs and the mouth. With these he should be more familiar than the general practitioner is expected to be; and while he recognizes the superiority of the physician in regard to diseases of the general system, the latter is under equal obligations to respect his higher attainments in his specialty. Where this principle governs there can be no conflict, or even diversity of professional interests.

THE MUTUAL DUTIES OF THE PROFESSION AND THE PUBLIC.

Sec. 10. Dentists are frequently witnesses, and at the same time the best judges, of the impositions perpetrated by quacks, and it is their duty to enlighten and warn the public in regard to them. For this, and the many other benefits conferred by competent and honorable dentists, the profession is entitled to the confidence and respect of the public, who should always discriminate in favor of the true man of science and integrity, and against the empiric and impostor. The public has no right to tax the time and talents of the profession in examinations, prescriptions, or in any way, without proper remuneration.

ILLEGAL PRACTITIONERS.

The following is a list of persons reported at this office as engaged in the practice of dentistry, none of whom possess a certificate as required by law; hence, they are designated "illegal practitioners."

We have taken the precaution to send at least one communication to each person herein reported, and most of them have received many more, calling attention to the requirements of the Dental Law, and notifying them of the proposed publication of this list, as directed by the resolution of August 13, 1891:

"*Resolved*, That the California State Board of Dental Examiners publish a list of the unlicensed practitioners of dentistry of said State, in their annual report to the Governor of the State, each year."

Should any error have been made, we will gladly correct it if properly notified.
